A dark, grainy photograph of a building entrance. On the left, there is a door with a handle. To the right of the door is a window. The image is very dark and has a high level of contrast, making details difficult to discern. There is some faint text visible on the left side, possibly a sign or a label, but it is mostly illegible due to the darkness and grain.

Goodenow's SKIRTS.

Chance of a Very Lifetime.

With a big, new Spring stock on the way we are forced to close out all our present stock. We don't do it hesitatingly. The skirts come in designs of the most winning and desirable styles, and prices are cut so profoundly that every woman will feel it her real duty to secure one or two for her wardrobe. Note these examples:

\$4.25 Walking Skirts at \$3.00.

This comes in a handsome dark gray material, in a casual weave and almost dress wear. It is very neat, tasteful, and dainty. Comes in gold style with eight rows of stitching around the bottom. Seams are bound. It is a medium comfortable weight.

Handsome Walking Skirts \$4.50.

In style, material and workmanship this is a most tempting garment. Made of single-faced golf cloth, handsomely tailored finished with eight rows of stitching. Colors are attractive shades of blue and gray. Full to fit the skirt when you come to the skirt sale.

Beautiful, Stylish Skirts \$5.00.

This is the Banner brand which means in design and workmanship is surpassed by none. You can't resist the attractive shades of blue and brown or the rich plain black. Made of all-wool homespun, with heavy, well-defined flounce. Heavily stitched, and flounce bound with gold. Such a skirt will wear and wear, and will always wear a dainty, attractive appearance.

\$5.00 Dress Skirts \$2.49.

The most brilliant bargain in skirts you have ever been given by any store in the city. If we hadn't times the quantity they would give us no time, so you will see how necessary it is to be here early on time. \$5 skirts made of handsome gray, black, and navy materials in a light weight, just suited for this season's wear. The styles are not quite the very newest, but they are becoming, and we will think them perfectly wonderful for such a ridiculous price. Our pick of the lot while they last, at \$2.49.

"My Girl From Dixie" 17c.

This is the famous and newest popular piece as sung by Miss Josephine Baker at the Orpheum. The very rage in the East. 17c at our best music department.

DUMMY GERSTLE GOT A SILK HAT

For Pretending to Sell His Oil Stock to Spinks—Peculiar Methods of Clark & Bryan.

RUMMAGING around in the wreck of the Westlake Oil Company, Clark & Bryan, the dummy Gerstle, who was the only one who was not a dummy, was the only one who was not a dummy.

On both sides, the men looked white and worried when they came into Judge Treadwell's court yesterday morning to begin the second day of the big lawsuit brought by Dr. Spinks against Clark & Bryan for restitution of the property that he traded with them for oil stock that he claimed, he claiming that the company was inflated by false representations and false dividends that weren't paid.

There are no spectacular effects in this case; it is a cold, concentrated slugging match.

Spinks' lawyers called Wesley Clark back to the witness stand when the case opened yesterday morning. They wanted to know an unlikely lot about the Westlake Oil Company, and how it came about that one Gerstle was used as a figurehead for the sale of the oil stock to Spinks, when it was really Clark & Bryan, and not Gerstle, who owned the stock that Spinks bought.

The following letter from Clark & Bryan to Gerstle in regard to his being made the tool for the Spinks transaction, was introduced into evidence:

A GIVEAWAY LETTER.

Aug. 15, 1919.

Mr. M. L. Gerstle, San Francisco, Cal.—Dear Sir: We have been

day before yesterday of an opportunity to use the corner of Tenth and Grand

avenue in this city, and herein inclose you a deed therefore to Anna F. Leach,

which you will kindly accept and mail us by tomorrow's mail. If possible, as we have made an engagement for 10 a.m.

Saturday next to close the deal.

We also return you herewith your deed to ourselves, which deed held

undisputed until we inform you, so that in the event there should be

any hitch in the deal to Anna F. Leach we will return to you that deed

and take up the deed back to ourselves.

As we said, we have never recorded the deed and cannot for the reason

that our experiences as real estate men have taught us that we can handle

and sell property to a much better advantage as agents than as owners,

and it has been our custom for some time to carry a great deal of our property in the name of our friends.

We don't see that it is any injustice to the public to have a deed in the name of a public agent in selling that property, so long as all deals are conducted and carried out in honest, straightforward methods.

For these reasons we would ask you to let the ownership of this property remain as a matter of confidence between yourself and ourselves.

We have always appreciated our business relations with you and as a little friendly gesture we are glad that you order a nice silk hat at our

THE RICE MARKET. The current situation in the rice market is reported by Dan Talmage's Son's Company as follows:

Notwithstanding the storm of the past week, there has been considerable inquiry from local and out-of-town buyers. The call was distributed over about the whole range of markets, from ordinary to extra fancy in domestic, foreign and imported.

Larger quantities are in fair supply and well assorted; medium grades are not so plentiful and slightly poorer quality is in demand.

The market is in a state of uncertainty, with the trade offering for immediate needs, postponing the larger movement until arrival of new crop in the spring.

Advises from the South note steady demand on the Atlantic Coast with holding prices on medium grades. In the Southwest the movement has been free; there was quite a large amount sold for shipment to the coast of the year, and delivery account thereof and of new transactions, has kept the market far ahead of previous years.

COAST RECORD FOR BOWLING.

Coliseum Tourney Gives Out Surprises.

Amateur Golfers Will Begin Today.

Tennis Players to Contest Saturday—Big Stake for Courting.

The Coast record for bowling at tenpins was broken last night in the big tournament now going on at the Coliseum alley, the Malar & Zobein team making the high score of 256, averaging 265 for the three sets bowled.

The new score was made in the finale of the five-man team match for the championship of Southern California in the contest between the Saratogas and the Malar & Zobeins. These teams on Monday night bowled the high scores of the six teams entered in the five-man play, and bowled for the championship honor last night.

The two-man team championship was also decided last night, McCully and Tufford winning by fourteen pins from McGee and Tompkins of Santa Monica, the second high team. The scores were 1163 to 1089.

The big Coliseum room was crowded all evening with spectators watching the games, many ladies being present. The play was fast and furious in every set, for they were close and exciting and in the two-man match the winners were not decided until the last ball had been bowled. The four teams that were in the play rolled the four high scores of the twenty made in the qualifying games on Monday night.

The results last night were as follows:
